

# **JCP&L Joining with Community Agencies to Hold Energy Assistance Days to Help Customers Pay Utility Bills**

Jersey Central Power & Light (JCP&L) is teaming with local community organizations to hold Energy Assistance Days where customers can sign up for special financial assistance programs to help pay their utility bills or energy efficiency programs that could reduce the amount of electricity they use.

The events will take place in Monmouth, Morris and Ocean counties beginning the second week of September and continue into October.

Representatives from JCP&L and several community agencies will be on hand to answer questions and help customers determine if they are eligible for financial assistance to pay a past-due utility bill, reduce future bills or to enroll in energy efficiency programs. In order to complete the required application on the day of the event, customers should bring their Social Security cards, proof of income for all household residents, deed or rental lease and a recent electric bill.
