The Township of Pequannock is drafting a new Master Plan

Participate so your voice can be heard!

The Township of Pequannock is pleased to announce the kickoff of the development of a new master plan. The plan will look at how the Township has developed since the last master plan, which was completed in 2005. Furthermore, the new master plan will help to guide the community's growth and development and serve as a basis for responding to current and future trends. A master plan is comprised of sections, called elements; the new plan will include elements on Land Use, Transportation, Economic Development, Community Facilities, Open Space and Recreation, Sustainability, Historic Preservation, Utilities, and Recycling.

To help us create this plan, participation from our residents, business owners and other stakeholders is extremely important. Along with the announcement of this master plan, we are launching a new website for the plan at www.publicinput.com/Pequannock. The site provides information on the master plan process, the ability for the public to review existing planning documents, and a survey, allowing for the public to provide input into the plan.

There will be a series of three community workshops that will be held over the course of the master plan process. The first workshop will be held on Wednesday, May 1st from 7:00 PM to 9:00 PM at the Township's Senior House. This first gathering will be used to identify issues affecting the Township and to discuss how to address them. The workshop is an open house style format so you can attend at any time that it is convenient to you. There will be a brief presentation at the beginning of the workshop.

Lastly, should you wish to share any comments or ideas, they can also be emailed to pequannock@publicinput.com or mailed to the office of the Township Manager, 530 Newark-Pompton Turnpike, Pompton Plains, NJ 07444.

###

If you would like more information on the Township of Pequannock's new Master Plan or the Master Plan process, please contact Adam W. Brewer at 973-835-5700, ext. 133 or abrewer@peqtwp.org.
