**Re: Christopher and Adriana Anello / Variance Application
22 Foothills Dr., Pompton Plains, NJ – Block 202, Lot 4
Our File No. 16639.000**

Dear Chairman Dolengo, Board Members and Ms. Zacharenko:

As you know, I represent the Applicant, Christopher and Adriana Anello, in the above-referenced matter. Unfortunately, the Applicant is unable to proceed with the special meeting that was noticed for Thursday, November 19, 2020. Additional surveying work is required in order for the Applicant to properly and further review and address the concerns articulated during the October 29, 2020 hearing. As the Board may recall, the Applicant previously consented to extend the time for the Board to act on its application through December 18, 2020, and I believe that the Board did authorize a special meeting for December 17, 2020. The Applicant respectfully requests that the Board confirm that the Applicant can continue the hearing of this application for Thursday, December 17, 2020 by special meeting of the Board on that evening. The Applicant shall provide a new notice for this meeting. Kindly review and advise accordingly, thank you for your continued courtesies in this matter.

Very Truly Yours,

VOGEL, CHAIT, COLLINS &
