Independent Auditors' Report

The Honorable Mayor and Members of the Township Council Township of Pequannock Pompton Plains, New Jersey

Report on the Financial Statements

We have audited the financial statements – *regulatory basis* – of the various funds of the Township of Pequannock, in the County of Morris (the "Township") as of and for the years ended December 31, 2020 and 2019 and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") to demonstrate compliance with the Division's regulatory basis of accounting, and the budget laws of New Jersey; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

The Honorable Mayor and Members of the Township Council Township of Pequannock Page 2

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by the Township on the basis of accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for the Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly in accordance with accounting principles generally accepted in the United States of America the financial position of each fund and account group of the Township as of December 31, 2020 and 2019, or the changes in financial position or where applicable, cash flows thereof for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the various funds and account group of the Township as of as of December 31, 2020 and 2019, and the results of operations and changes in fund balance, where applicable, of such funds, thereof for the years then ended on the basis of accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey, as described in Note 1.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements of the various funds that collectively comprise the Township's financial statements. The supplementary data schedules listed in the table of contents and the schedules of expenditures of federal and state awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and New Jersey's OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, are presented for purposes of additional analysis and are not a required part of the financial statements.

The supplementary data schedules and the schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the various fund financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the various fund financial statements or to the various fund financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary data schedules and the schedules of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the financial statements as a whole.

The Honorable Mayor and Members of the Township Council Township of Pequannock Page 3

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 18, 2021 on our consideration of the Township's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

Note 1: <u>Summary of Significant Accounting Policies</u>

A. Reporting Entity

Except as noted below, the financial statements of the Township of Pequannock include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township of Pequannock, as required by N.J.S. 40A:5-5. Accordingly, the financial statements of the Township of Pequannock do not include the operations of the municipal library, volunteer fire department, or first aid squad.

Governmental Accounting Standards Board ("GASB") Codification Section 2100, "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with a primary government are such that exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. A legally separate, tax-exempt organization should be reported as a component unit of a reporting entity if all of the following criteria are met: (1) The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents. (2) The primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization. (3). The economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government. As the financial reporting entity was established in accordance with New Jersey statutes, the requirements of GASB Codification Section 2100 were not followed and, accordingly, the reporting entity could be different from accounting principles generally accepted in the United States of America.

B. Description of Funds

The accounting policies of the Township conform to the accounting practices applicable to municipalities which have been prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of Pequannock accounts for its financial transactions through the following separate funds:

<u>Current Fund</u> - Resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

<u>Trust Funds</u> - Receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

<u>General Capital Fund</u> - Receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

(Continued)

Note 1: Summary of Significant Accounting Policies (Cont'd)

B. Description of Funds (Cont'd)

<u>Water Utility Operating, Assessment and Capital Funds</u> - Account for the operations, resources and expenditures for payment of assessment debt and acquisition of capital facilities of the municipally owned Water Utility.

<u>Sewer Utility Operating</u>, <u>Assessment and Capital Funds</u> - Account for the operations, resources and expenditures for payment of assessment debt and acquisition of capital facilities of the municipally owned sewer utility.

<u>Solid Waste Utility Operating Fund</u> – is used to account for garbage collection and recycling operations of the Township.

<u>Recreation Utility Operating and Capital Funds</u> – Account for collections of fees and operation of recreational services of the Township. The Capital Fund is used to account for financial resources to be used for the acquisition of recreation utility capital facilities.

<u>General Fixed Assets Account Group</u>- Estimated values of land, buildings and certain fixed assets of the Township as discussed in Note 1E "General Fixed Assets".

C. Basis of Accounting

Basis of accounting refers to when revenue and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The more significant accounting policies in New Jersey follow.

Revenue is recorded when received in cash except for certain amounts which may be due from the State of New Jersey and for the prepayment of future years' revenue. Grant revenue is realized in the Operating Funds when it is budgeted and in the Capital Funds when improvements are authorized. The amounts recorded as property taxes and consumer accounts receivable have not been included in revenue. Amounts that are due to the municipality, which are susceptible of accrual, are recorded as receivables with offsetting reserves in the Current Fund.

Expenditures are charged to operations based on budgeted amounts. Exceptions to this general rule include:

- 1. Accumulated unpaid vacation, sick pay and other employee amounts are not accrued.
- 2. Prepaid expenses, such as insurance premiums applicable to subsequent periods, are charged to current budget appropriations in total.
- 3. Principal and interest on long-term debt are recognized when due.

Expenditures, if any, in excess of appropriations, appropriation reserves or ordinances become deferred charges which must be raised by future taxes. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and constitute part of the statutory appropriation reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be cancelled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

(Continued)

Note 1: Summary of Significant Accounting Policies (Cont'd)

C. Basis of Accounting (Cont'd)

Had the Township's financial statements been prepared under accounting principles generally accepted in the United States of America, encumbrances would not be considered as expenditures; appropriation reserves would not be recorded; revenue susceptible to accrual would have been reflected without offsetting reserves; Federal and State grants and assistance would be recognized when earned, not when awarded; inventories would not be reflected as expenditures at the time of purchase, fixed assets purchased by the Water, Sewer, and Recreation Utility Capital Funds would be depreciated, investments would generally be stated at fair value and the Township's net pension liability and net OPEB liability and related deferred inflows and outflows would be recorded.

The cash basis of accounting is followed in the Trust and Capital Funds.

D. <u>Deferred Charges to Future Taxation</u> - The General Capital Fund balance sheet may include both funded and unfunded deferred charges. Funded means that bonds have been issued and are being paid off on a serial basis. Unfunded means that debt has been authorized but not permanently financed. A municipality can eliminate an unfunded deferred charge by raising it in the budget, by collecting a grant, or by issuing bonds, loans or capital lease purchase agreements.

E. Other Significant Accounting Policies

<u>Management Estimates</u> – The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

<u>Cash and Cash Equivalents</u> – Amounts include petty cash, change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

Investments – Investments are stated at cost.

<u>Allowance for Uncollectible Accounts</u> – No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

<u>Compensated Absences</u> – Expenditures relating to unused vested accumulated vacation and sick pay are not recorded until paid.

<u>Foreclosed Property</u> - Foreclosed Property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

<u>Interfunds</u> - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

<u>Inventories of Supplies</u> - The cost of inventories of supplies for all funds is recorded as an expenditure at the time individual items are purchased. The cost of inventories is not included on the various balance sheets.

(Continued)

Note 1: Summary of Significant Accounting Policies (Cont'd)

E. Other Significant Accounting Policies (Cont'd)

<u>Grants Receivable</u> - Grants receivable represent the total grant awards less amounts collected to date. Because the amount of grant funds to be collected are dependent on the total costs eligible for reimbursement, the actual amount collected may be less than the total amount awarded.

General Fixed Assets - In accordance with New Jersey Administrative Code Accounting Requirements, as promulgated by Division of Local Government Services, General fixed assets are recorded at cost except for land and buildings, which are recorded at estimated historical cost as estimated by the independent appraisal company which conducted the inventory of the Township's assets. Infrastructure assets are not included in general fixed assets; maintenance and minor repairs and replacements, which do not improve or extend the lives of the respective assets, are expensed currently. Donated fixed assets are valued at their fair market value on the date donated. No depreciation has been provided on general fixed assets. The total value recorded for general fixed assets is offset by a "Reserve for General Fixed Assets". When properties are retired or otherwise disposed of, the asset and the reserve are adjusted accordingly.

Assets recorded in the General Fixed Assets Account Group may also be recorded in the Current Fund, General Capital Fund and Utility Funds. The values recorded in the General Fixed Asset Account Group and the Current and Capital Funds may not always agree due to differences in valuation methods, timing or recognition of assets and the recognition of infrastructures. Fixed assets are reviewed for impairment.

Property and equipment purchased by the Utility Funds are recorded in the Utility Capital accounts at cost and are not adjusted for dispositions and abandonments. The amounts shown do not purport to represent replacement costs or current value. Contributions in aid of construction are not capitalized. The balances in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the Utility Capital Funds represent charges to operations for the costs of the acquisition of property, equipment and improvements. The Utility Funds do not record depreciation on fixed assets.

F. <u>Budget/Budgetary Control</u> – Annual appropriated budgets are usually prepared in the first quarter for Current Operating, Utility Operating and Open Space Trust Funds. The budgets are submitted to the governing body and the Division of Local Government Services. Budgets are prepared using the cash basis of accounting. The legal level of budgetary control is established at the line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the flexible chart of accounts referenced in N.J.S.A. 40A. All budget amendments/transfers must be approved by the Township during the year.

Note 2: Long-Term Debt

The Local Bond Law governs the issuance of bond to finance general Township capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. All bonds issued by the Township are general obligation bonds. The Township's full faith and credit and taxing power has been pledged to the payment of the general obligation debt principal and interest.

Note 3: Fund Balance Appropriated

Fund balances at December 31, 2020, which are appropriated and included in the Current, Water Utility Operating, Sewer Utility Operating, Solid Waste Utility Operating, and Recreation Utility Operating Fund adopted budgets for the year ending December 31, 2021, are as follows:

Current Fund	\$ 2,119,500.00
Water Utility Operating Fund	285,142.00
Sewer Utility Operating Fund	150,143.00
Solid Waste Utility Operating Fund	161,970.00
Recreation Utility Operating Fund	-0-

Note 4: <u>Deferred Charges to be Raised in Succeeding Years</u>

Certain expenditures are required to be deferred to budgets of the succeeding years. At December 31, 2020, there were deferred charged to be raised in the succeeding years budgets in the Current Fund and Recreation Fund.

	BalanceDec. 31, 2020		202	equired Budget opriation	\$ Balance to Succeeding ears' Budgets
Current Fund: Special Emergency Authorization	\$	185,000.00	\$	-0-	185,000.00
Recreation Fund: Special Emergency Authorization	\$	208,565.00	\$	-0-	\$ 208,565.00

The appropriation in the 2021 budget is not less than that required by statute.

Note 5: Pension Plans

Township employees participate in one of the two contributory, defined benefit public employee retirement systems: the State of New Jersey Public Employee's Retirement System (PERS) or the State of New Jersey Police and Firemen's Retirement System (PFRS); or the Defined Contribution Retirement Program (DCRP), a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) 401(a).

A. Public Employees' Retirement System (PERS)

Plan Description

The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about the PERS, please refer to the Division's annual financial statements which can be found at www.state.nj.us/treasury/pensions/annual-reports.shtml.

Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service.

The following represents the membership tiers for PERS:

Tier	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 with 25 or more years of service credit before age 62 and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Contributions

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing members. The local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries

(Continued)

Note 5: Pension Plans (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

Contributions (Cont'd)

will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning, with the payments due in the fiscal year ended June 30, 2012 and are adjusted by the rate of return on the actuarial value of assets.

Township contributions to PERS amounted to \$533,762.13 for 2020.

The employee contribution rate was 7.50% effective July 1, 2018.

Pension Liabilities and Pension Expense

At June 30, 2020, the Township's liability was \$9,927,004 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019 which was rolled forward to June 30, 2020. The Township's proportion of the net pension liability was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2020, the Township's proportion was 0.061%, which was a decrease of 0.001% from its proportion measured as of June 30, 2019.

For the year ended December 31, 2020, the Township recognized actual pension expense in the amount of \$533,762.13.

Actuarial Assumptions

The total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019 which was rolled forward to June 30, 2020. This actuarial valuation used the following actuarial assumptions:

Inflation Rate

Price 2.75% Wage 3.25%

Salary Increases:

Through 2026 2.00 - 6.00% based on years of service Thereafter 3.00 - 7.00% based on years of service

Investment Rate of Return 7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee Mortality Table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and a 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2%

(Continued)

Note 5: Pension Plans (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

Actuarial Assumptions (Cont'd)

adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension plan investments (7.00% at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the Board of Trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS' target asset allocation as of June 30, 2020 are summarized in the following table:

Long Torm

		Long-1 erm
		Expected Real
	Target	Rate of
Asset Class	Allocation	Return
U.S. Equity	27.00%	7.71%
Non-U.S. Developed Market Equity	13.50%	8.57%
Emerging Markets Equity	5.50%	10.23%
Private Equity	13.00%	11.42%
Real Assets	3.00%	9.73%
Real Estate	8.00%	9.56%
High Yield	2.00%	5.95%
Private Credit	8.00%	7.59%
Investment Grade Credit	8.00%	2.67%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	1.94%
Risk Management Strategies	3.00%	3.40%

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based upon 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Note 5: Pension Plans (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

Sensitivity of the Township's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Township's proportionate share of the collective net pension liability as of June 30, 2020 calculated using the discount rate as disclosed below, as well as what the Township's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	Jun	e 30, 2020			
		1%		Current	1%
		Decrease	Di	scount Rate	Increase
		(6.00%)		(7.00%)	(8.00%)
Township's proportionate share	·				
of the Net Pension Liability	\$	12,468,760	\$	9,927,004	\$ 7,729,605

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial statements.

B. Police and Firemen's Retirement System (PFRS)

Plan Description

The State of New Jersey Police and Firemen's Retirement System (PFRS), is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about the PFRS, please refer to the Division's annual financial statements which can be found at www.state.nj.us/treasury/pensions/annual-reports.shtml.

Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:16A. The PFRS provides retirement as well as death and disability benefits. All benefits vest after ten years of service, except disability benefits which vest after 4 years of service.

The following represents the membership tiers for PFRS:

Tier	Definition
1	Members who were enrolled prior to May 22, 2010
2	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
3	Members who were eligible to enroll on or after June 28, 2011

(Continued)

Note 5: Pension Plans (Cont'd)

B. Police and Firemen's Retirement System (PFRS) (Cont'd)

Benefits Provided (Cont'd)

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

Contributions

The contribution policy for PFRS is set by N.J.S.A. 43:16A and requires contributions by active members and contributing members. The Local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PFRS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of the retirement system, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual amounts over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of the assets.

Special Funding Situation

Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan (except for employer specified financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers related to this legislation.

However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net pension liability that is associated with the local participating employer.

(Continued)

Note 5: Pension Plans (Cont'd)

B. Police and Firemen's Retirement System (PFRS) (Cont'd)

Special Funding Situation (Cont'd)

Township contributions to PFRS amounted to \$1,142,243.34 for the year ended December 31, 2020. During the fiscal year ended June 30, 2020, the State of New Jersey contributed \$167,614 to the PFRS for normal pension benefits on behalf of the Township, which is less than the contractually required contribution of \$246,859.

The employee contributions for PFRS are 10.00% of employees' annual compensation, as defined.

Pension Liabilities and Pension Expense

At June 30, 2020, the Township's liability for its proportionate share of the net pension liability was \$14,035,426. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019 which was rolled forward to June 30, 2020. The Township's proportion of the net pension liability was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2020, the Township's proportion was 0.108%, which was an decrease of 0.004% from its proportion measured as of June 30, 2019.

Additionally, the State's proportionate share of the net pension liability attributable to the Township is \$2,178,234 as of June 30, 2020. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019 which was rolled forward to June 30, 2020. The State's proportionate share of the net pension liability associated with the Township was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2020, the State's proportion was 0.108%, which was an decrease of 0.004% from its proportion measured as of June 30, 2019 which is the same proportion as the Township's.

Township's Proportionate Share of the Net Pension Liability	\$ 14,035,426
State's Proportionate Share of the Net Pension Liability Associated	
with the Township	 2,178,234
Total Net Pension Liability	\$ 16,213,660

For the year ended December 31, 2020, the Township recognized total pension expense of \$1,142,243.34.

(Continued)

Note 5: Pension Plans (Cont'd)

B. Police and Firemen's Retirement System (PFRS) (Cont'd)

Actuarial Assumptions

The total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019 which was rolled forward to June 30, 2020. This actuarial valuation used the following actuarial assumptions:

Inflation Rate:

Price 2.75% Wage 3.25%

Salary Increases:

Through all future years 3.25 - 15.25% based on years of service

Investment Rate of Return 7.00%

Pre-retirement mortality rates were based on the RP-2010 Safety Employee Mortality Table with a 105.6% adjustment for males and 102.5% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Safety Retiree Below-Median Income Weighted Retiree mortality table with a 96.7% adjustment for males and a 96.0% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For beneficiaries (contingent annuitants), the Pub-2010 General Retiree Below-Median Income Weighted mortality table was used, unadjusted, and with future improvement from the base year of 2010 on a generational basis. Disability rates were based on the Pub-2010 Safety Disabled Retiree mortality table with a 152.0% adjustment for males and 109.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2013 to June 30, 2018.

Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension plan investments (7.00% at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the Board of Trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PFRS' target asset allocation as of June 30, 2020 are summarized in the following table:

Note 5: Pension Plans (Cont'd)

B. Police and Firemen's Retirement System (PFRS) (Cont'd)

Long Term Expected Rate of Return (Cont'd)

		Long-Term Expected Real
	Target	Rate of
Asset Class	Allocation	Return
U.S. Equity	27.00%	7.71%
Non-U.S. Developed Market Equity	13.50%	8.57%
Emerging Markets Equity	5.50%	10.23%
Private Equity	13.00%	11.42%
Real Assets	3.00%	9.73%
Real Estate	8.00%	9.56%
High Yield	2.00%	5.95%
Private Credit	8.00%	7.59%
Investment Grade Credit	8.00%	2.67%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	1.94%
Risk Management Strategies	3.00%	3.40%

Discount Rate – PFRS

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based upon 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Note 5: Pension Plans (Cont'd)

B. Police and Firemen's Retirement System (PFRS) (Cont'd)

Sensitivity of the Total Net Pension Liability (including the State's proportionate share of the net pension liability attributable to the Township) to Changes in the Discount Rate

The following presents the total net pension liability (including the State's proportionate share of the net pension liability attributable to the Township) as of June 30, 2020 calculated using the discount rate as disclosed above, as well as what the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	June	30, 2020			
		1%		Current	1%
		Decrease (6.00%)	D	iscount Rate (7.00%)	Increase (8.00%)
Township's proportionate share of the NPL and the State's proportionate share of the Net Pension Liability associated with the Township	\$	21,560,831	\$	16,213,660	\$ 11,772,426

Plan Fiduciary Net Position - PFRS

Detailed information about the PFRS's fiduciary net position is available in the separately issued PFRS financial statements.

C. Defined Contribution Retirement Program (DCRP)

Prudential Financial jointly administers the DCRP investments with the NJ Division of Pensions and Benefits. If an employee is ineligible to enroll in the PERS or PFRS, the employee may be eligible to enroll in the DCRP. DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting is immediate upon enrollment for members of the DCRP.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the DCRP. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625-0295.

Employers are required to contribute at an actuarially determined rate. Employee contributions are based on percentages of 5.50% for DCRP of employees' annual compensation, as defined. The DCRP was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008. Employee contributions for DCRP are matched by a 3% employer contribution.

For DCRP, the Township recognized pension expense of \$9,667.97 for the year ended December 31, 2020. Employee contributions to DCRP amounted to \$12,733.85 for the year ended December 31, 2020.

(Continued)

Note 6: Local School District Taxes

Regulations provide for the deferral of not more than 50% of the annual levy when school taxes are raised for a school year and have not been requisitioned by the school district.

The Township of Pequannock has elected not to defer school taxes.

Note 7: Accrued Sick and Vacation Benefits

The Township permits employees to accrue a limited amount of unused vacation and sick pay, which may be taken as time off or paid at a later date at an agreed-upon rate. It is estimated that the current cost of such unpaid compensation would approximate \$2,627,265 at December 31, 2020. This amount is not reported either as an expenditure or a liability as of December 31, 2020.

Note 8: Selected Tax Information

Property taxes are levied as of January 1 on property values assessed as of the previous calendar year. The tax levy is divided into two billings. The first billing is an estimate of the current year's levy based on the prior year's taxes. The second billing reflects adjustments to the current year's actual levy. The final tax bill is usually mailed on or before June 14th along with the first half estimated tax bills for the subsequent year. The first half estimated taxes are divided into two due dates, February 1 and May 1. The final tax bills are also divided into two due dates, August 1 and November 1. A ten-day grace period is usually granted before the taxes are considered delinquent and the imposition of interest charges. A penalty may be assessed for any unpaid taxes in excess of \$10,000 at December 31 of the current year. Unpaid taxes of the prior year may be placed in lien at a tax sale held after April 1 and through December.

Comparative Schedule of Tax Rate Information

	2020			2019	2018		
<u>Tax Rate</u>	\$	2.465	\$	2.385	\$	2.295	
Apportionment of Tax Rate							
Municipal		.575		.560		.544	
County		.315		.304		.284	
Local School		1.575		1.521		1.467	
Assessed Valuations							
2020	\$ 2,350,	398,000.00					
2019			\$ 2,380	5,220,200.00			
2018					\$ 2,406,	453,500.00	

Comparison of Tax Levies and Collection Currently

A study of this tabulation could indicate a possible trend in future tax levies.

(Continued)

Note 8: Selected Tax Information (Cont'd)

Comparison of Tax Levies and Collection Currently (Cont'd)

		Currently		
		Cash	Percentage of	
Year	Tax Levy	Collections	Collection	
2020	\$ 58,212,929.93	\$ 57,922,444.12	99.50%	
2019	56,998,435.52	56,724,483.43	99.52%	
2018	55,563,766.26	55,259,483.51	99.45%	

Also, increases in future tax levies can also be warranted if revenue sources outside of those directly generated by the municipality, such as federal or state aid, should decline without corresponding decreases in budgeted expenditures.

Note 9: Cash and Cash Equivalents and Investments

Cash and cash equivalents include petty cash, change funds, amounts in deposits, money market accounts, and short-term investments with original maturities of three months or less.

Investments are stated at cost. The Township classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB requires disclosure of the level of custodial credit risk assumed by the Township in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned.

Interest Rate Risk – In accordance with its cash management plan, the Township ensures that any deposit or investment matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk – The Township limits its investments to those authorized in its cash management plan which are those permitted under state statute as detailed on the following page.

Custodial Credit Risk – The Township's policy with respect to custodial credit risk requires that the Township ensures that Township funds are only deposited in financial institutions in which NJ municipalities are permitted to invest their funds.

Deposits:

New Jersey statutes require that municipalities deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. Municipalities are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5% of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

(Continued)

Note 9: Cash and Cash Equivalents and Investments: (Cont'd)

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Investments:

New Jersey statutes permit the Township to purchase the following types of securities:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- (2) Government money market mutual funds;
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- (4) Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located;
- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, issued by New Jersey school districts, municipalities, counties, and entities subject to the "Local Authorities Fiscal Control Law" P.L. 1983, c. 313 (C.40A:5A-1 et seq.) Other bonds or obligations having a maturity date not more than 397 days from the date of purchase may be approved by the Division of Local Government Services in the Department of Community Affairs for investment by local units;
- (6) Local government investment pools;
- (7) Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (C.52:18A-90.4); or
- (8) Agreements for the repurchase of fully collateralized securities if:
 - (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection a. or are bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, issued by New Jersey school districts, municipalities, counties and entities subject to the "Local Authorities Fiscal Control Law", P.L. 1983 c.313 (C.40A:5A-1 et seq.);
 - (b) the custody of collateral is transferred to a third party;
 - (c) the maturity of the agreement is not more than 30 days;
 - (d) the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (C.17:9-41); and
 - (e) a master repurchase agreement providing for the custody and security of collateral is executed.

Note 9: Cash and Cash Equivalents and Investments: (Cont'd)

As of December 31, 2020, cash and cash equivalents of the Township of Pequannock consisted of the following:

		Cash on	Checking			
Fund	Hand			Accounts	Totals	
Current	\$	360.00	\$	8,811,336.30	\$	8,811,696.30
Federal and State Grant				200,703.40		200,703.40
Animal Control				19,120.02		19,120.02
Other Trust				1,916,721.42		1,916,721.42
Open Space Trust				545,983.20		545,983.20
General Capital				4,526,002.36		4,526,002.36
Water Utility Operating		60.00		1,350,818.34		1,350,878.34
Water Utility Capital				24,564.26		24,564.26
Sewer Utility Operating				993,387.25		993,387.25
Sewer Utility Assessment				834,367.27		834,367.27
Sewer Utility Capital				2,498,274.86		2,498,274.86
Solid Waste Utility Operating				248,062.56		248,062.56
Recreation Utility Operating				121,388.53		121,388.53
Recreation Utility Capital				2,185.80		2,185.80
	\$	420.00	\$	22,092,915.57	\$	22,093,335.57

The Township did not hold any investments during the year ended December 31, 2020. The carrying amount of the Township of Pequannock's cash and cash equivalents at December 31, 2020, was \$22,093,335.57 and the bank balance was \$23,627,016.41.

Note 10: Risk Management

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Township of Pequannock is a member of the Morris County Municipal Joint Insurance Fund ("MCMJIF"). This fund is both an insured and self-administered group of municipalities established for the purpose of providing certain low-cost insurance coverage for member municipalities in order to keep local property taxes at a minimum.

The following coverages are offered by the MCMJIF to its members:

- a.) Workers' Compensation and Employers' Liability
- b.) Liability Other Than Motor Vehicles
- c.) Property Damage Other Than Motor Vehicles
- d.) Motor Vehicle
- e.) Public Officials' Liability/Employment Practices Coverage
- f.) Environmental Coverage

(Continued)

Note 10: Risk Management (Cont'd)

As a member of the Fund, the Township could be subject to supplemental assessments in the event of deficiencies. If the assets of the Fund were to be exhausted, members would become responsible for their respective shares of the Fund's liabilities.

The Funds can declare and distribute dividends to members upon approval of the State of New Jersey Department of Banking and Insurance. These distributions are divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body. In accordance with the Governmental Accounting Standards Board, these distributions are used to reduce the amount recorded for membership expense in the year in which the distribution was declared. The MCMJIF has not declared dividends in the last six years and currently has no intention to reinstate the dividends. The Finance Committee of the MCMJIF has made this recommendation, which is embraced by the full membership.

Selected financial information for the Fund as of December 31, 2020 is as follows:

	Morris County		
	Municipal Joint		
	Ins	surance Fund	
Total Assets	\$	37,043,381	
Net Position	\$	15,309,967	
Total Revenue	\$	21,527,917	
Total Expenses	\$	19,011,852	
Change in Net Position	\$	2,516,065	
Members Dividends	\$	-0-	

Financial statements for these funds are available at the Office of the Executive Director.

Morris County Municipal Joint Insurance Fund 9 Campus Drive, Suite 216 Parsippany, New Jersey 07054 (201) 881-7632

Health Benefits

The Township is also a member of the North Jersey Municipal Employee Benefits Fund, (the "NJMEBF"). The NJMEBF is both an insured and self-administered group of municipalities established for the purpose of providing certain employee benefits for member municipalities in order to keep local property taxes at a minimum.

The following health benefit coverages are offered by the NJMEBF to its members:

- a.) Medical
- b.) Prescription
- c.) Dental

Note 10: Risk Management (Cont'd)

Health Benefits (Cont'd)

As a member of the NJMEBF, the Township could be subject to supplemental assessments in the event of deficiencies. If the assets of the NJMEBF were to be exhausted, members would become responsible for their respective shares of the NJMEBF's liabilities.

The NJMEBF can declare and distribute dividends to members upon approval of the State of New Jersey Department of Banking and Insurance. These distributions are divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body.

Selected financial information for the Fund as of December 31, 2020 is as follows:

	Muni	orth Jersey cipal Employee enefits Fund

New Jersey Unemployment Compensation Insurance

The Township has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Township is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Township is billed quarterly for amounts due to the State.

(Continued)

Note 10: Risk Management (Cont'd)

The table is a summary of the interest earned and the ending balance of the Township's expendable trust fund for the current and prior two years.

Fiscal Year	Employee ontributions	Interest Earned			Ending Balance		
1 641	 minounous	 Lameu	Reimbursed			Dalance	
2020	\$ 38,025.01	\$ 607.24	\$	18,915.75	\$	115,866.42	
2019	27,667.98	1,014.43		44,260.44		96,149.92	
2018	23,256.53	533.36		23,767.54		111,727.95	

Note 11: Contingent Liabilities

The Township is periodically involved in various lawsuits arising in the normal course of business, which often include claims for property damage, personal injury, and various contract disputes. In the opinion of management, the ultimate outcome of these lawsuits will not have a material adverse effect on the Township's financial position as of December 31, 2020.

Amounts received or receivable from grantors, principally federal and state governments are subject to regulatory requirements and adjustments by the agencies. Any disallowed claims, including amounts previously recognized by the Township as revenue would constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although Township officials expect such amounts, if any, to be immaterial.

The Township has been advised that a number of tax appeals have been filed. The Township has established a reserve in the amount of \$773,113.05 which it believes is sufficient to provide for this contingency as of December 31, 2020.

Note 12: Interfund Receivables and Payables

The following interfund balances remained on the balance sheet at December 31, 2020:

<u>Fund</u>	Interfund Receivable		Interfund Payable	
Current Fund	\$	1,372.62	\$	127,090.52
Federal and State Grant Fund		83,083.00		53.54
Animal Control Fund				3.24
Other Trust Funds				2,144,383.13
Open Space Trust Fund		27.10		83,083.00
General Capital Fund	1	1,818,150.00		1,135.63
Water Utility Operating Fund		84,311.11		173.92
Water Utility Capital Fund		17,000.00		10.43
Sewer Utility Operating Fund		22,438.88		408,298.76
Sewer Utility Assessment Fund		88,453.00		211.35
Sewer Utility Capital Fund		385,000.00		635.55
Solid Waste Utility Operating Fund		324,190.44		
Recreation Utility Operating Fund		0.56		
Recreation Utility Capital Fund				58,947.64
	\$ 2	2,824,026.71	\$	2,824,026.71

(Continued)

Note 12: Interfund Receivables and Payables (Cont'd)

The interfund receivable in the Current Fund is comprised of interest earned in the General Capital, Other Trust and Animal Control Funds as well as the cancellation of older grant funds in the Federal and State Grant Fund. The interfund receivable in the Water Utility Operating Fund represents interest earned in the Water Utility Capital Fund and prior year interfund not turned over. The interfund receivable in the Sewer Utility Capital Fund and prior year interfund balance not turned over. The interfund receivable in the Solid Waste Utility Operating Fund represents delinquent interest earned, grant money due from Federal and State Grant Fund and prior year interfund balances not turned over as of December 31, 2020. The interfund in the Recreation Utility Operating Fund is the interest earned in Recreation Capital Fund not yet turned over to the Recreation Operating Fund. The Interfund Payable in the Recreation Utility Capital Fund is a prior year interfund not turned over to the General Capital Fund. The interfund Receivable in the General Capital is due to the FEMA monies being collected in the Escrow Trust account. The interfund receivable in the Sewer Utility Capital Fund is due to monies disbursed to FEMA Trust Escrow for the 2016 flood elevation. The interfund Payable for Water Utility Capital Fund is monies received in Water Utility Capital Fund that are due to the Current Fund.

Note 13: Deferred Compensation

The Township offers its employees two deferred compensations plans created in accordance with Internal Revenue Code Section 457. The plans, which are administered by AIG/Valic and AXA/Equitable, permit participants to defer a portion of their salary until future years. Amounts deferred under the plan are not available to employees until termination, retirement, death or unforeseeable emergency.

Note 14: Economic Dependency

The Township of Pequannock receives nominal amount of support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Township's programs and activities.

Note 15: Open Space Trust Reserve

The 2020 Open Space tax levy is \$141,389.94 and the 2020 Open Space tax rate is \$0.006. The balance in the Reserve for Open Space at December 31, 2020 is \$462,927.30. The Funds collected are used to acquire and maintain open space, historical preservation and farm land property in the Township.

Note 16: Post-Retirement Benefits

A. General Information about the Township's OPEB Plan

Plan Description and Benefits Provided

The provisions of Chapter 88, P.L. 1974, along with any Township approved ordinances and resolutions, provide the authority for the Township to offer post-employment health care benefits as detailed below.

The Township provides medical, prescription during, and dental to retirees and their covered dependents that meet the appropriate requirements. The Township provides Medicare Part B and D reimbursements to Policemen's Benevolent Association and Superior Officer Association retirees and their covered dependents after 25 years of service. All active employees who retire from the Township and meet the eligibility criteria receive these benefits. As of January 1, 2019, new hires are no longer eligible for lifetime postemployment health care benefits.

(Continued)

Note 16: Post-Retirement Benefits (Cont'd)

A. General Information about the Township's OPEB Plan (Cont'd)

Plan Description and Benefits Provided (Cont'd)

Employees are eligible to receive postretirement health benefits through the Township health plan after 25 years or more of service in the State Pension Plan.

Contributions

The Township subsidizes 100% of the cost of coverage for current retirees meeting the requirements outlined above and for future retirees who have at least 25 years of service as of May 21, 2010, the Township will reimburse 100% of eligible Police Benevolent Association and Superior Officer Association retiree's Medicare Part B premiums.

NJ Chapter 78 requires that certain future retirees contribute toward the cost of their benefits. Specifically, those who had retired prior to passage of Chapter 78 and those employees that had more than 25 years of service on the date of passage are grandfathered. All others are subject to the contribution rates in effect when they retire, but not less than 1.5% of their annual retirement allowances from the Public Employees Retirement System. For purposes of this valuation and for conservatism, it was assumed that future retiree contribution percentage rates will not increase. Thus, it was assumed that a future retiree will contribute his/her current employee contribution as reported by the Township increased annually by the medical trend rate.

2020 employer contributions for retiree benefits paid by the Township were \$604,423.51 for 25 retirees.

Employees Covered by Benefit Terms

As of December 31, 2020, there were 27 retirees and spouses currently receiving retiree benefits and 94 active participants, of which 5 are eligible to retire as of the valuation date.

Total OPEB Liability

The Township's OPEB liability of \$27,444,908 was measured as of December 31, 2020 and was determined by an actuarial valuation as of December 31, 2020.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the December 31, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate 2.12% at December 31, 2020 2.74% at December 31, 2019

Salary Increases 2.50% per year Inflation Assumptions 2.50% per year

(Continued)

Note 16: <u>Post-Retirement Benefits (Cont'd)</u>

A. General Information about the Township's OPEB Plan (Cont'd)

Actuarial Assumptions and Other Inputs (Cont'd)

The selected discount rate was based on the Bond Buyer 20 Index at December 31, 2020.

Health Care Trend Rates	Year	Medical	Drug
Year 1 Trend	2020	5.60%	9.00%
Ultimate Trend	2026	5.00%	5.00%

The medical trend rate reduces .1% per annum, leveling at 5% per annum in 2026.

The drug trend rate reduces .5% per annum to 2022 and 1.0% per annum thereafter, leveling at 5% per annum in 2026.

Mortality rates were based on the RP 2000 Combined Healthy Male Mortality Rates set forward three years.

Changes in the Total OPEB Liability

		Decrease	1% Decrease	Valuation 1% Healthcare Decrease Trend Rates	Valuation 1% Healthcare Decrease Trend Rates

OPEB Expense

For the year ended December 31, 2020, the Township's OPEB expense was \$1,651,699 as determined by the actuarial valuation.

Note 16: Post-Retirement Benefits (Cont'd)

B. State Health Benefit Local Government Retired Employees Plan

General Information about the OPEB Plan

Plan Description

The State Health Benefit Local Government Retired Employees Plan (the Plan) is a cost sharing multiple employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) Comprehensive Annual Financial Report (CAFR), which can be found at https://www.state.ni.us./treasury/pensions/financial-reports.shtml.

Benefits Provided

The Plan provides medical and prescription drug coverage to retirees and their dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A. 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Note 16: Post-Retirement Benefits (Cont'd)

B. State Health Benefit Local Government Retired Employees Plan (Cont'd)

Contributions

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

Special Funding Situation

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. For New Jersey local governments who report under the regulatory basis of accounting, the net OPEB liability and related deferred inflows are not recorded in the financial statements and there is only note disclosure of this information. Since the local participating employers do not contribute under this legislation directly to the plan, there is no net OPEB liability, deferred outflows of resources, or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net OPEB liability that is associated with the local participating employer.

Allocation Methodology

GASB Statement No. 75 requires participating employers in the Plan to recognize their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective OPEB (benefit)/expense. The special funding situation's and nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense are based on separately calculated total OPEB liabilities. The nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB (benefit)/expense are further allocated to employers based on the ratio of the plan members of an individual employer to the total members of the Plan's nonspecial funding situation during the measurement period July 1, 2018 through June 30, 2019. Employer and nonemployer allocation percentages were rounded for presentation purposes.

(Continued)

Note 16: Post-Retirement Benefits (Cont'd)

B. State Health Benefit Local Government Retired Employees Plan (Cont'd)

OPEB Expense

The Division of Local Government Services, Department of Community Affairs, State of New Jersey is permitting municipalities to include the June 30,2019 OPEB information in the notes to the Financial Statements as the June 30, 2020 OPEB information has not been released as of the date of this audit.

The total OPEB liability as of June 30, 2019 was determined by an actuarial valuation as of June 30, 2018, which was rolled forward to June 30, 2019.

The State's proportionate share of the net OPEB liability attributable to the Township at June 30, 2019 was \$7,414,078. At June 30, 2019, the State's proportion related to the Township was .134174%. This is the percentage of the total State Share of the net OPEB liability of the Plan.

During the year ended June 30, 2019, the State of New Jersey's OPEB expense related to the Township was \$98,275.

Actuarial Assumptions and Other Inputs

The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

Inflation Rate 2.50%

Salary Increases*:

Public Employees' Retirement System (PERS)

Initial fiscal year applied

Rate through 2026 2.00% - 6.00% Rate thereafter 3.00% to 7.00%

Police and Firemen's Retirement System (PFRS)

Rate for all future years 3.25% to 15.25%

* - Salary increases are based on years of service within the respective plan.

Mortality:

PERS Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2019

PFRS Pub-2010 Safety classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2019

Note 16: Post-Retirement Benefits (Cont'd)

B. State Health Benefit Local Government Retired Employees Plan (Cont'd)

Actuarial Assumptions and Other Inputs (Cont'd)

Actuarial assumptions used in the June 30, 2018 valuation were based on the results of the PFRS and PERS experience studies prepared for the periods July 1, 2013 to June 30, 2018 and July 1, 2014 – June 30, 2018, respectively.

100% of active members are considered to participate in the Plan upon retirement.

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend rate is initially is 5.7% and decreases to a 4.5% long term trend rate after eight years. For post 65 medical benefits, the actual fully-insured Medicare Advantage trend rate for fiscal year 2020 is reflected. The assumed post-65 medical trent is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.5% and decreases to a 4.5% long term rate after eight years.

Discount Rate

The discount rate for June 30, 2019 was 3.50%. The discount rate for June 30, 2018 was 3.87%. This represents the municipal bond rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Note 17: Fixed Assets

The following is a summarization of the activity of the Township of Pequannock' fixed assets for the year ended December 31, 2020.

		Restated						
		Balance						Balance
	D	ec. 31, 2019	A	dditions	De	eletions	D	ec. 31, 2020

Note 19: Tax Abatements

GASB requires disclosure of tax abatement information about (1) a reporting government's own tax abatement agreements and (2) those that are entered into by other governments and that reduce the reporting government's tax revenues. As of December 31, 2020, the Township provides a tax abatement to a nonprofit housing corporation for its senior citizen housing development in the Township pursuant to the authority contained in Section 18 of the Limited Dividend Law (N.J.SA. 55:16-18), Section 30 of the HFA Law (N.J.S.A. 55:14J-30) and a resolution of the Mayor and Township Council and with the approval of the New Jersey Housing Finance Agency (NJHFA) as provided under Section 30(b) of the NJHFA law. In consideration of the full abatement of taxes, the nonprofit housing corporation is required to pay to the Township an annual service charge for municipal services in an amount not exceeding the tax on the property on which the abatement is received. The tax abatement per the agreement became effective upon the date that a first mortgage upon the development is first executed and shall continue for a period of not more than fifty years therefrom nor less than the term of the related NJHFA mortgage. The annual service charge made by the nonprofit housing corporation will be in an amount not exceeding 6.28% of the annual gross revenues of the housing development as detailed in the tax abatement agreement. In the event that a breach of the agreement by either the Township or the nonprofit housing corporation or a dispute arises between the two parties either party may apply to the Superior Court, Chancery Division to settle and resolve said dispute in such fashion to accomplish the purposes of the Limited-Dividend Laws and the HFA Law.

Note 19: Tax Abatements (Cont'd)

The Township recognized revenue in the amount of \$106,490.15 from this annual service charge or payment in lieu of taxes which is recorded as revenue in the Current Fund. The taxes which would have been paid on this property for 2020 without the abatement would have been \$232,461.83 of which \$53,848.16 would have been for the local municipal tax, minimum library tax and municipal open space tax.

Note 20: Subsequent Event

The COVID-19 outbreak in the United States and specifically in New Jersey continues to have an impact on the Township's operations and finances. Public access to the municipal offices continues to be restricted. Though the impact on the Township's finances cannot be reasonably estimated at this date, the following is likely to continue through at least mid-year 2021: Interest on investments continues to be severely negatively impacted. Additionally, certain miscellaneous revenues including court revenue collections continue to be lower than years previous to 2020.

The finances of the Township's Water, Sewer, Solid Waste and Recreation Utility Operating Funds will likely continue to be impacted by larger unpaid rent balances, recreation activities and fees and as well as significant declines in interest earnings similar to that of the Current Fund.

SEE ACCOMPANYING NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS

N/A - Not Available/Applicable

TOWNSHIP OF PEQUANNOCK NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS YEAR ENDED DECEMBER 31, 2020

Note 1. Basis of Presentation

The accompanying schedules of expenditures of federal and state awards (the "Schedules") include the federal and state grant activity of the Township of Pequannock under programs of the federal and state governments for the year ended December 31, 2020. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and New Jersey's OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Because the schedules present only a selected portion of the operations of the Township, they are not intended to and do not present the financial position, changes in fund balance or cash flows of the Township.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the accompanying schedules of expenditures of federal and state awards are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts, if any, shown on the Schedules represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through identifying numbers are presented where available. The Township has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 3. Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Independent Auditors' Report

The Honorable Mayor and Members of the Township Council Township of Pequannock Pompton Plains, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements - *regulatory basis* - of the various funds of the Township of Pequannock, in the County of Morris (the "Township") as of and for the years ended December 31, 2020 and 2019 and the related notes to the financial statements and have issued our report thereon dated June 18, 2021. These financial statements have been prepared in accordance with accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting, and the budget laws of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Township's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Township's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we considered to be material weaknesses. However, material weaknesses may exist that have not been identified.

The Honorable Mayor and Members of the Township Council Township of Pequannock Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance For Each Major Federal Program; Report on Internal Control Over Compliance

Independent Auditors' Report

The Honorable Mayor and Members of the Township Council Township of Pequannock County of Morris, New Jersey

Report on Compliance for Each Major Federal Program

We have audited the Township of Pequannock (the "Township's") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the Township's major federal program for the year ended December 31, 2020. The Township's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations and the terms and conditions of its federal and state awards applicable to its federal and state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for the Township's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Township's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Township's compliance.

Opinion on Each Major Federal Program

In our opinion, the Township complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2020.

The Honorable Mayor and Members of the Township Council Township of Pequannock County of Morris, New Jersey

Report on Internal Control Over Compliance

Management of the Township is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Township's internal control over compliance with the types of requirements that could have a direct and material effect on its major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal programs and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Valerie A. Dolan

Valerie A. Dolan Certified Public Accountant Registered Municipal Accountant No. 548

TOWNSHIP OF PEQUANNOCK SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED DECEMBER 31, 2020

Summary of Auditors' Results:

- The Independent Auditors' Report expresses a unmodified opinion on the Township's financial statements, prepared in accordance with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey.
- There were no material weaknesses or significant deficiencies disclosed during the audit of the financial statements as reported in the *Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards*.
- No instances of noncompliance material to the financial statements of the Township which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
- There were no material weaknesses or significant deficiencies in internal control over its major federal program disclosed during the audit as reported in the *Independent Auditors' Report on Compliance For Each Major Federal Program; Report on Internal Control Over Compliance Required by the Uniform Guidance*.
- The auditor's report on compliance for its major federal program for the Township expresses an unmodified opinion on all its major federal program.
- The audit did not disclose any findings which are required to be reported in accordance with New Jersey's Circular 15-08 or 2 CFR 200.516(a) of the Uniform Guidance.
- The threshold for distinguishing between Type A and B federal programs was \$750,000.
- The Township was not determined to be a "low-risk" auditee for federal programs.

Summary of Auditors' Results:

- The Township's program tested as a major federal program for the current year consisted of the following federal program:

	C.F.D.A. No.	 Expenditures
U.S. Department of Homeland Security:		
(Passed through New Jersey Department		
of Law and Public Safety)		
Flood Mitigation Assistance - Elevation -2015	97.029	\$ 2,634,608.97
Flood Mitigation Assistance - Elevation -2016	97.029	2,498,556.75
		\$ 5,133,165.72

Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally Accepted Government Auditing Standards:

- The audit did not disclose any findings required to be reported Under Generally Accepted Government Auditing Standards.

TOWNSHIP OF PEQUANNOCK SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED DECEMBER 31, 2020 (Continued)

Findings and Questioned Costs for Federal Awards:

- The audit did not disclose any findings or questioned costs for federal awards as defined in 2 CFR 200.516(a) of the Uniform Guidance.

Findings and Questioned Costs for State Awards:

- Not applicable since state expenditures were below the single audit threshold.

TOWNSHIP OF PEQUANNOCK SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED DECEMBER 31, 2020

Status of Prior Year Findings:

None

TOWNSHIP OF PEQUANNOCK PART III COMMENTS AND RECOMMENDATIONS YEAR ENDED DECEMBER 31, 2020

TOWNSHIP OF PEQUANNOCK COMMENTS AND RECOMMENDATIONS

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4

N.J.S.A. 40A:11-3 states:

- a. "When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to Subsection b. of Section 9 of P.L. 1971, C.198 (N.J.S.A. 40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.
- b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of subsection (1) of section 5 of P.L. 1971, C.198 (N.J.S.A. 40A:11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.
- c. The Governor, in consultation with the Department of the Treasury, shall, no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L. 1999, C.440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L. 1971, C.198 (N.J.S.A. 40A:11-2), and shall round the adjustment to the nearest \$1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. The adjustment shall become effective on July 1 of the year in which it is made."
- N.J.S.A. 40A: 11-4 states: "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

Effective July 1, 2015 through June 30, 2020, the bid thresholds in accordance with N.J.S.A. 40A:11-3 are \$17,500 for a contracting unit without a qualified purchasing agent and \$40,000 for a contracting unit with a qualified purchasing agent. Effective July 1, 2020 and thereafter, the bid thresholds in accordance with N.J.S.A. 40A:11-3 are \$17,500 for a contracting unit without a qualified purchasing agent and \$44,000 for a contracting unit with a qualified purchasing agent.

The governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Township Counsel's opinion should be sought before a commitment is made.

The minutes indicated that bids were requested by public advertising per N.J.S.A. 40A:11-4. The minutes also indicated that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" and "Extraordinary Unspecifiable Services" per N.J.S.A. 40A:11-5.

TOWNSHIP OF PEQUANNOCK COMMENTS AND RECOMMENDATIONS (Continued)

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4 (Cont'd)

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. None were noted.

Collection of Interest on Delinquent Taxes, Assessments and Utility Charges

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes on or before the date when they would become delinquent. On January 3, 2020, the governing body adopted a resolution authorizing interest to be charged at the rate of 8% per annum on the first \$1,500 of delinquent taxes and 18% per annum for delinquent taxes in excess of \$1,500, and allows an additional penalty of 6% be collected against a delinquency in excess of \$10,000 on properties that fail to pay the delinquency prior to the end of the calendar year.

On January 2, 2020, the governing body adopted a resolution authorizing interest to be charged at the rate of 8% per annum of delinquent utility charges. It allows for a grace period of 30 days for payment of the utilities bills.

It appears from an examination of the Tax Collector's and Utility Collector's records that interest was generally collected in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

The last tax sale was held on September 16, 2020, and included all eligible properties.

The following comparison is made of the number of tax title liens receivable on December 31, of the last three years:

Year	Number of Liens
2020	3
2019	3
2018	1

Verification of Delinquent Taxes and Other Charges

A test of verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, consisting of verification notices as follows:

Type	Number Mailed
Payments of 2020 Taxes	20
Payments of 2021 Taxes	20
Delinquent Taxes	15
Payments of Water Utility Charges	20
Delinquent Water Utility Charges	15
Payments of Sewer Utility Charges	15
Delinquent Sewer Utility Charges	15
Payments of Solid Waste Utility Charges	10
Delinquent Solid Waste Utility Charges	10

TOWNSHIP OF PEQUANNOCK COMMENTS AND RECOMMENDATIONS (Continued)

New Jersey Administrative Code Accounting Requirements

The Division of Local Government Services has established three (3) accounting requirements which are prescribed by the New Jersey Administrative Code. They are as follows:

- 1. Maintenance of an encumbrance accounting system.
- 2. Fixed asset accounting and reporting system.
- 3. General ledger accounting and record system.

The Township maintains an encumbrance accounting system, a fixed asset accounting and reporting system and a general ledger accounting system. During our review of fixed assets, it was noted that the updated fixed asset report did not have asset tag numbers.

It is recommended that the fixed asset report include asset tag numbers and that all fixed assets are physically tagged.

Management's Response:

Administration will consider tagging all fixed assets.

Municipal Court

The transactions for the year 2020 were as follows:

RECEIPTS AND DISBURSEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

	Balance					Balance			
	De	Dec. 31, 2019		Receipts		Disbursements		Dec. 31, 2020	
Municipal Treasurer:

	\$	42,830.77	\$	339,172.87	\$	359,730.08	\$	22,273.56	

TOWNSHIP OF PEQUANNOCK COMMENTS AND RECOMMENDATIONS (Continued)

Outside Offices

During our review of the planning/zoning department and board of adjustment offices, it was noted that not all the receipts were being deposited with in 48 hours. It was also noted that certain deposits were unable to be traced to the receipt to determine what the issued permit was for, therefor we could not determine if it was in accordance with the approved fee schedule. Lastly, the permits were not being issued in numerical sequence.

It is recommended that the planning and zoning departments deposit the monies within 48 hours, and that greater care be taken of the records and ensure that all permits are issued in numerical sequence.

Management's Response:

The Township will ensure that the deposits will be deposited within 48 hours and that greater care will be taken in keeping records. The Township will also ensure that permits will be issued in numerical sequence.

Management Suggestions:

Effect on Internal Controls due to COVID-19

With the increased ability for certain work functions to be done remotely and the increased use of electronic payments and processes, it is suggested that the Township routinely reviews the internal controls in place especially with respect to security of passwords as well as access rights to accounting software and bank information including bank wire transfers and the timely back-up of records.

Sick and Vacation Leave

It is suggested that the Township consult with its attorney to ensure that its negotiated labor contracts, individual employee agreements and employee policies, as applicable, are in accordance with New Jersey statutes regarding unused sick and vacation leave.

General, Water, Sewer and Recreation Capital Funds

Certain ordinances in excess of five years have deficit cash balances at December 31, 2020. This situation arises when expenditures are made from an ordinance without the respective debt being issued. It is suggested that the remaining deficit cash balances on ordinances in excess of five years are funded by the issuance of bonds or by budget appropriation.

Summary of Prior Year Recommendations

The Township's recommendation regarding the updated fixed asset report has not been fully resolved and the recommendation regarding purchase orders has not been resolved and they are included in the 2020 audit.

TOWNSHIP OF PEQUANNOCK SUMMARY OF RECOMMENDATIONS

It is recommended that:

- 1. The fixed asset report include asset tag numbers and that all fixed assets are physically tagged.
- 2. The planning and zoning departments deposit the monies within 48 hours, and that greater care be taken of the records and ensure that all permits are issued in numerical sequence.
