

Pequannock Parks & Recreation

Gifting Program

Please Print Legibly

The Pequannock Township Parks and Recreation Department was established over 40 years ago. It is our priority to preserve and improve our parks for all Pequannock Township to enjoy.

Our facilities include approximately 400 acres of parkland, playgrounds, lakes, tennis courts, baseball fields, softball fields and soccer fields.

It is in these places that our community members have grown up and made many memories. To honor, recognize and remember those times and the people we shared them with, we have created the park gifting program in which you can donate a tree or bench to one of our parks.

The Parks and Recreation Department will work with the Department of Public Works (DPW) to determine the best location for the tree/bench and the type of tree to be planted.

**Donors should be aware that the Parks and Recreation Department and DPW reserves the right to remove trees and benches that have reached the end of their useful lives or for any other unforeseen reason(s). Removed trees or benches may or may not be replaced.*

The Pequannock Parks and Recreation Gifting Program provides individuals and organizations with the opportunity to help improve and preserve our parks.

Donors have two options:

1. Tree

A tree donation will allow for a new tree to be planted in one our Township parks. Tree donations can be planted in memory of a lost loved one, in honor of dedicated service members and organization or celebration of an occasion. A tree donation is a great way to share a gift for many generations. No plaques are permitted on or near the trees, however, a plaque acknowledging all donations will be on display in the Town Hall lobby. Donations cover the cost of the tree and plaque.

**Donors will pay current market value*

2. Bench

You may donate a bench for one of the Township parks. Bench donations can be in memory, honor, appreciation of someone special. A plaque with the name or message will be mounted on the bench. Donations cover the cost of the bench and the plaque.

**Donors will pay current market value*
