

# "Mini BioBlitz" at PV Park Saturday, April 26, 2025

*Session 1: (8am Adult Session): Quietly follow a naturalist on a walk around Woodland Lake to identify & log birds, other animals & plants. Find out what belongs and what doesn't! Bring your binoculars and pocket field guide or cell-phone app to help identify plants and animals.*

*Session 2: (9:30am Family Session): Kids & adults will inspect and sort macroinvertebrate "critters" taken from nearby Meyer's Brook, and what their presence means about the stream's health. Then take a walk around Woodland Lake for a casual version of Session 1 that is suitable for kids and late risers!*

## **Note:**

- Meet in PV Park rear parking lot (off Marvin Rd)
- Minors must be accompanied by a parent or guardian!
- Sessions begin promptly and last approximately 90 minutes.
- Involves walking up to ~1 mile on flat but uneven ground. Trails may be muddy.
- Ticks may be active: wear long sleeves/pants, shoes with socks, & bring bug spray.
- Bring water. Park restrooms will not be open.
