Re: Alessio & Luigia Martino
11 Sanders Place, Block 2102, Lot 5
Planning Board Application #19-10
Pequannock Township, NJ

Dear Ms. Hartmann,

Based on discussions and input from the Pequannock Township Board of Adjustment members on March 5, my clients have revised their plans with the following changes:

- Removal of 152 SF of asphalt paving from the front driveway.
- Removal of 216 SF of asphalt paving from the rear parking area.
- Recalculation of building coverage for existing wooden deck.

Please incorporate these changes in your review for the April 2, 2020 meeting.

If you have any questions about the plan, please don't hesitate to call me.

Respectfully Submitted,

Steven Baldisserotto, PE
